

Interment Fee

This fee includes the actual cost of opening and closing the grave, services held at the Interment Chapel or at the grave site, along with the required record-keeping tasks. These duties performed by the office, field and supervisory staffs before, during and after a burial or entombment are all included in this fee.

The Complete Package

For those who prefer convenience and savings, we offer you the opportunity to combine all of the cemetery costs into one **interest-free** payment plan extending out as far as **60 months**.

This means that the costs of the grave, marker, vault, vase and the interment fee can all be locked in at today's prices.

Future Care Of The Cemetery

To ensure the continued existence of the cemetery well into the future, the cemetery has set up a perpetual care fund. A small portion of every sale is set aside for future maintenance of the cemetery. Due to ground conditions, graves may settle or markers may tilt over time. The perpetual care fund ensures the correction of these problems as they occur, along with the every day maintenance of the grounds.

Liturgical Services

Through an arrangement with the Jesuit International Missions, the Holy Sacrifice of the Mass is offered once a week for the repose of the souls buried in this cemetery.

Additional Masses are held on Memorial Day (in May), and Cemetery Sunday (in the fall).

Semi-Annual Candlelite Prayer Services are held in April and October.

Please contact the cemetery office for dates and times.

A Full Service Cemetery

New St. Joseph Cemetery offers you a variety of burial and entombment options, each designed to fit the individual family's needs and financial situation.

Traditional In-ground Burial

The natural serenity of the cemetery along with the beautiful landscaping and well

maintained lawn provides the average family complete peace of mind without financial burden. St. Joseph Cemetery offers 2 to 6 grave Monument Graves, where the lots have been designed to accommodate an upright family monument; or Lawn Level Marker Graves, where all markers are installed flush with the ground.

Lawn Crypts

Double-Depth Lawn Crypts provide the most economy of in-ground interment. One price includes grave space, concrete outer vault, interment fees, and a bronze memorial on a granite base with a vase. The one and a half acre lawn crypt area has over 1600 crypts.

Above Ground Mausoleums

For those who prefer the peace of mind and dignity of above-ground entomb-

ment, St. Joseph Cemetery offers you a choice of single or companion crypts which include the space, a bronze name plate, entombment fees and a vase. The area around the garden mausoleum is superbly landscaped to help compliment the handsome structures.

Cremation Niches

As more and more families select cremation as a final means of disposition, St. Joseph Cemetery is fulfilling the need with

several different cremation niche options. These options include indoor etched-glass niches, as well

as outdoor niches incorporated with religious shrines.

Other Essential Items

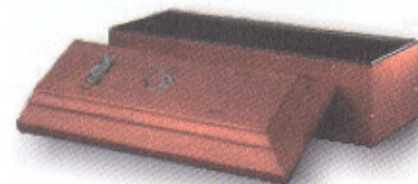

Memorials

(Actual color may vary)

St. Joseph New Cemetery also offers a complete line of single and companion bronze or granite markers and vases. Hundreds of designs and various colors are available at reasonable prices and each memorial can be customized by you at no additional charge.

Burial Vaults & Urns

The protection of the casket is of utmost importance when selecting ground burial. We offer a steel reinforced, polystyrene lined, top-seal vault. St. Joseph Cemetery has selected this mid-range priced vault to provide our lot owners with the required protection at an affordable cost. For those selecting cremation, we offer a complete line of urns.
